## KLOCK TO RETAIN EMOLUMENTS OF OFFICE SAYS COURT

**Territorial Supreme Court Concludes Work With Affirmation of Three Important Legal Cases.**

(Special Telegram to Evening Herald)  
Santa Fe, N. M., Dec. 23.—The territorial supreme court this afternoon affirmed the action of the district court in the case of George S. Klock and Judge Edward A. Mann, for the emoluments to the district attorney's office.

Judge Mann was appointed to the office by Governor Mills and Mr. Klock removed. Later Mr. Klock was reinstated by the court but at the expiration of his term, Judge Mann was re-appointed. The court held that Mr. Klock's term, as a result of the enabling act, did not expire until the legislature met and hence the governor had no power to name Judge Mann.

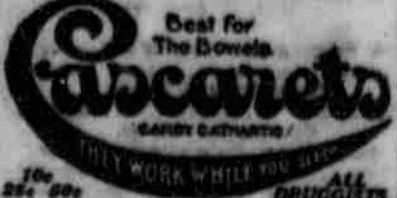

All the emoluments of the office are awarded to Mr. Klock.  
Two other cases affirmed were: John H. McKnight, appellee, vs. El Paso Brick company, appellant, involving title to placer claims near El Paso, Dona Ana county. Community ditches or acquia of Tularosa townsite, vs. Tularosa community, E. D. Tipton, et al., appellees.

The play presented by the Critterions at the high school was eminently successful and witnessed by a large audience of visitors as well as students.

The pupils of the Immaculate Conception school assembled in the concert hall of St. Mary's and rendered an appropriate program with ability and zest.

The ward schools were all visited by parents and friends and in each room programs were heard that reflected credit alike on pupils and teachers.

The children of the First ward did of stunts and cantatas. In Miss Hilliard's room the pupils enacted a clever western drama.

The three primary grades combined programs and delighted their hearers with their songs, drills and speeches.

The pupils of Miss Maycock gave a splendid production of "The Great Day," a musical cantata participated in by a score of young vocalists and impersonators attired in characteristic costume of the holidays that clustered about Father Time—sometimes known as James Boatright.

Miss DeTullo's pupils contributed several especially fine numbers to the success of this excellent program that concluded by the distribution of a treat to all.

## BENZINE BUGGY IS BOUGHT BY BANK

Los Angeles, Cal., Dec. 22.—The First National Bank of Los Angeles has followed the lead of many business houses, and has set a precedent for the banks by buying an automobile for one of its collectors. A strong box has been attached on the rear and a side seat added in which an armed guard can sit when money is being transferred in large amounts between banks. By the use of an automobile the First National expects to be able to transfer money more expeditiously and cheaper to suburban banks.

## \$3.50 RECIPE FREE, FOR WEAK MEN.

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together. I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: "Dr. A. B. Robinson, 4723 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$5.00 to \$10.00 for merely writing out a prescription like this—but I send it entirely free."

## THE ANGLO GERMAN WAR SCARE IS BECOMING BETTER KNOWN.

Details of Alleged "Plot" Against Wilhelmshaven Published by German Newspaper, and Create Great Stir.

Cologne, Dec. 22.—The Rhenish Westphalian Zeitung publishes a story of an alleged discovery of a plan by Great Britain to blow up Wilhelmshaven. The newspaper professes to have received its information from an official, who said that the postal authorities became suspicious of repeated money orders in favor of dock officers and chief mates, and finally seized some of the mail.

Those letters showed that the plans to the entrances to Wilhelmshaven harbor, as well as plans of the water supply and the contents of the secret code book, had been betrayed to the British admiralty.

The paper points out that with such information at its command Great Britain could blow up the entrances to the war harbor at the decisive moment, rendering the harbor utterly useless and Germany at the very beginning of war helpless to defend herself at sea.

To prevent the threatened danger the Zeitung continues, a German squadron remained for weeks on patrol duty. Recent conferences between the emperor, the minister of marine, the chief of the admiralty staff and the chief of the marine department dealt with this danger.

London, Dec. 22.—The story that the British admiralty has obtained plans of the locks and water supply and the secret signal codes of Wilhelmshaven, with the idea in view of blowing up the harbor entrances and thus bottling up the German fleet, is regarded here as a mere romance. The story is supposed to have been betrayed by German officers to the Rhenish Westphalian Zeitung, which is strongly anti-British, and the organ of the manufacturers of war materials.
